Vol. 2, No.1

TaxLogic provides a prompt, professional, personal, one-on-one tax preparation from the comfort of your home. We are competitively priced and offer a lot of additional information on our web site - <http://www.taxlogic.com>

We'd like to welcome everyone back from last year and also our first time users. It's not too early to start gathering your information to get a step ahead on preparing your tax return.

If you haven't used our service before, you'll find that we are quick, thorough and efficient. We are not an impersonal software package and even though the tax preparation process is online, and you can always have direct contact with your tax preparer.

We still offer enhanced Federal and State electronic filing. We know that you want your refunds for both State and Federal filings as fast as possible and we do our best to make this happen.

In the coming weeks we will try to keep you informed on how the new tax laws will affect you. If we don't hit upon a topic you are interested in, please visit our website at <http://www.taxlogic.com> or email us at info@taxlogic.com.

Enjoy the holidays!
